for memorizing Oxford Dictionary with Page nos.

Introduction

“It is highly unfortunate on the part of human race that they are unable to recognize their hidden potential. They are only using one out of lakh part of their capabilities and even by using this very part, they are today counted in the list of highly sage people,” said by Swami Vivekananda.

The invaluable gift Brain is given to us by God, but we are ignorant to use its capacities effectively. There is no limit to the power of human mind. The more concentrated it is, the more power is brought to bear on one point, that is the secret. You will learn from the workshop to make the effective use of your God gifted equipments.

HUMAN MEMORY DEVELOPMENT

Memory is very important and powerful asset of our life. This is the greatest power of our mind. We can easily say that it is the utmost treasure gifted to us by God. But, unfortunately people are using just a small percentage of their memory. Memory is pivotal in all facets of life. Now, the fact which we need to understand is that everybody has unlimited memory but to use memory in maximum percentage is an art that must be learned. Memory is important for all age people. This memory workshop reveals the Vedic memory methods ever devised. You will learn the ancient techniques given by the Romans and Greeks to create harmony between two spheres of brain thus, enabling you to use them to tackle your routine tasks and challenges. Invite this faculty of mind to your life and know thyself and your abilities which is the purpose of every one's life.
